Some people are under the impres-sion that Fire Insurance is a very costly matter and they go on taking chances of loss instead of inquiring closely into it—until it is too late. You will be surprised at the small amount required to give you adequate protection. It is the best investment in the world for a small amount of imoney. See to it at once.

New York, July 17.—Increased liquidation, mainly for foreign interests, was the outstanding and depressing feature of today's active stock market, with new low records in a number of high grade railway securities. The selling, according to current report, came chiefly from London, but was said to be of French origin. It is understood that large amounts of American securities have been held in London for months past as collateral for loans made to Paris bankers. This collateral, gossip has it, was subject to certain conditions which have not been fulfilled, hence today's offerings.
